World-Class Support

We only choose to work with industry leaders who stand behind their products with the Best Warranties in the Industry. We also carry certifications for all the brands we carry, install and service. Give us a try today we think you'll be happy.

SPACE AFTER PERIODS

Safety & Testing

Independence Mobility only carries manufacturers based here in the good old USA. Of course parts and components come from all over these days but with a US based company the support and parts needed are always available to us to provide the best customer support in the industry.

All the

Comprehensive Network

Independence Mobility only works with the top brands in the industry. ~~The all~~ brands we sell, we are also certified in repair. We are proud to be a Harmar Lift Squad Certified Dealer and we can provide superior service to all of our customers within the Southern California area.
